

THE Humber EXPRESS

From **ship to shore** to **customer door**... express freight **by train**

Introducing the first intermodal train service delivering express freight from the Port of Immingham to iPort in Doncaster and onwards across the country.

DFDS and iPort Rail are creating solutions - this is a first of a kind rail service offering a seamless connection from quayside to raiiside, warehouse and beyond.

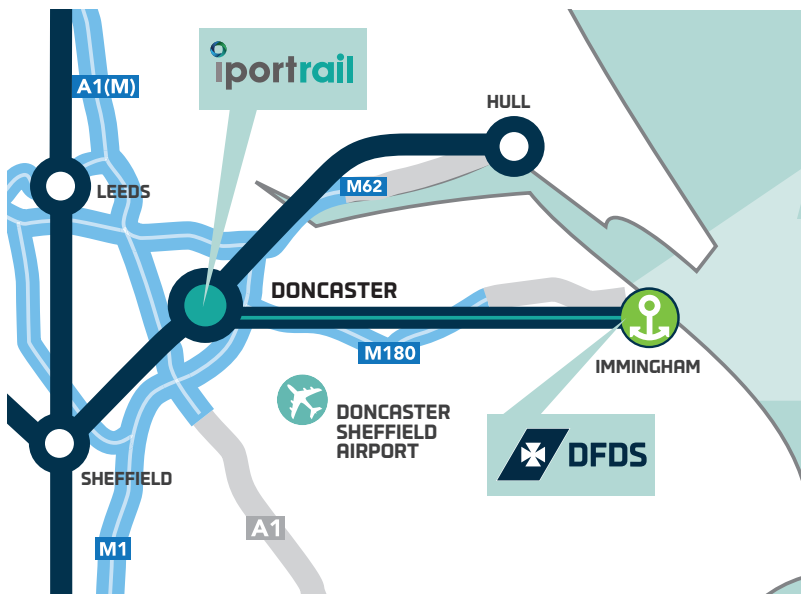

Cutting down on road haulage use and delivering your freight to your customers in quick time, this is the supply chain solution for the future.

Get on board now!
